FINANCIAL AND MUNICIPAL ACCOUNTING

REPORT OF THE DEPARTMENT

The financial transactions of cities and towns of Iowa for the municipal year, April 1, 1933, to March 31, 1934, are covered by this report.

Included in the statistical tables are returns complete from each of the 110 cities and from 817 of the incorporated towns of the state. The cities and towns of the state have cooperated in every way with this department, throughout the fiscal year. Annual statements were received from all cities and from all towns with the exception of Arispe and New Market; while three towns, viz.: Couler, Foster and Quincy, *do not* elect officers, or levy taxes.

EXAMINATION

Chapter 7, Section 2, Acts of the 45th General Assembly in regular session, reads as follows:

"The auditor of state shall cause the financial condition and transactions of all county and school officers to be examined at least once each year by the state examiners of accounts, and shall cause a like examination to be made at least once each year of cities and towns having a population of two thousand (2,000) or more, including offices of cities acting under special charter."

Section 7 of same chapter reads as follows:

"Any township or municipal corporation not embraced within the foregoing provisions of this chapter, may on application to the auditor of state, secure an examination of its financial transactions and the condition of its funds, or a like examination may be had on application of twenty-five or more taxpayers of said township or other corporation, accompanied by such showing of facts as in the opinion of the auditor of state will justify such examination."

The 1930 Federal Census is incorporated in this report.

COMMENTS

All duplicate receipt stubs representing dues for membership in the League, received from cities and towns, were compared with the secretary's "Register of Receipts," and found properly accounted for to the treasury of the League. This verification of receipts included payments received and credited to the Legislative Reports Fund.

Disbursements from both funds were examined and compared with the secretary's records and found to be as represented in the statements of the fund transactions.

Due to an excessive demand for Legislative Reports, and the small amount of receipts, it was necessary for the Legislative Reports Fund to borrow \$1,100 from the Municipal League Fund. As funds are received and a surplus built up in the Legislative Reports Fund this amount will be returned to the Municipal League Fund.

The cash balance of \$86.35 in the Municipal League Fund, and \$92.78 in the Legislative Reports Fund were found to be in accord with the records of the Fidelity Savings Bank of Marshalltown, Iowa, as shown by statement of bank balances.
